

Policies for Unauthentic News circulation.

We do not send SMS for buy / sale transactions. We as a matter of policy do not forward the report from other brokers to our clients. Ours is purely a brokerage firm and the transactions are carried out as per the Clients' request.

Redressal Mechanism for investor grievance.

So far we have not received a single grievance from any of our clients.

In case if we receive any grievance from our client we have formed a Investor Grievance committee who will look into the grievance and redress it immediately.
